

The Volunteer Way's Food Bank is a volunteer charitable organization that distributes over 6,000,000 pounds of food per year and puts that food on the tables of 17,000 people each month. We are assisting food pantries, soup kitchens, Hospice, mentally challenged residential programs, women's shelters, Teen Challenge, homeless shelters and other charitable organizations. We supply free food, back to school supplies, clothing, first aid kits, blankets, personal items and other necessities. We donate all these commodities free of any **FEES** to these charitable organizations.
